

Dynamic Articulating Footrest Hangers

Our Dynamic, Articulating Footrest Hangers will add flexibility and strength for users with high tone.

- ▶ Dynamic, articulating feature prevents footrest from binding, allowing resistive movement both outward and downward matching the anatomical movement of the lower extremities.
- ▶ Designed for users with high tone, helps to maintain correct posture while improving comfort.
- ▶ Reduces broken wheelchair components.
- ▶ 60-Day Free Trial - This is the therapist's answer to evaluating before justifying.

- ▶ Available in 4 models with different resistive weights.

**Footplate and Lower Extensions not included.*

- **33482** – 20 lbs
- **33486** – 40 lbs
- **33491** – 60 lbs
- **33496** – 80 lbs
